Unedged oak lumber			
Parameters		Logistics	
Wood species	European oak	Package	pack
Quality	I, II, II Rustikal	Outer size	2400 x 1200 x 1200 mm
Drying method	Technical/chamber-dried	Vol./content	1.5 m³
Moisture	8 - 10%	Pack weight	1200 kg
Thickness	28 mm	Plant address	Rajczyn 35
Width	100 - 500 mm		56-160 Wińsko
Length	2400 mm		
Classification characteristics and measurement rules as per Polish standard PN-72-D-96002.			
Reference photos		Class I	
		Primary qualification characteristics and rules	
		1. Healthy knots - allowed up to 10 mm. For widths 100 - 200/over 200 mm max. 2 knots per linear meter with diameter up to 20/30 mm.	
		2. Core - inadmissible.	
		3. Outer sapwood - inadmissible. Inner sapwood - inadmissible.	
		4. Insect galleries - inadmissible.	
		5. Damage from missiles and metal pieces - inadmissible.	
		Measurement rules - sapwood is not considered for measurement.	
		Class II	
		Primary qualification characteristics and rules	
		1. Healthy knots - allowed up to 20 mm. For widths 100 - 200/over 200 mm max. 2/3 knots per linear meter with diameter up to 50 mm.	
		2. Core - inadmissible in planks of widths up to 190 mm.	
		3. Outer sapwood - admissible if width max. 1/3 of width. Inner sapwood - admissible.	
		4. Insect galleries - large: 1 admissible, small: inadmissible.	
		5. Damage from missiles and metal pieces - inadmissible.	
		Measurement rules - sapwood is not considered for measurement.	
		Class III	
		Primary qualification characteristics and rules	
		1. Healthy knots - allowed up to 50 mm. Sum of diameters of knots present up to 300 mm.	
		2. Core - admissible.	
		3. Outer sapwood - admissible if width max. 1/2 of width. Inner sapwood - admissible.	
		4. Insect galleries - large: 3 admissible, small: inadmissible.	

		5. Damage from missiles and metal pieces - admissible, but must be removed.
		Measurement rules - sapwood is not considered for measurement.

**Notes**

Product name                      Unedged lumber  
Wood species                      Beech, oak, ash tree  
Moisture                              8 – 10%  
Drying method                      Technical drying

Thickness                              28 mm  
Width                                      100 - 500 mm  
Length                                      2400 mm  
Quality classes A, B, C, Rustikal      All classes available

Classes A, B, and C sold in a mix,  
Rustikal separately  
Approximate class shares: A 15 -  
20%, B 30 - 40%, C 40 - 55%  
Address: Rajczyn 35, 56-160  
Wińsko, Lower Silesia, Poland

Prices EXW seller's warehouse/1  
m<sup>3</sup>

Class A                                      750 Euros  
Class B                                      700 Euros  
Class C                                      650 Euros  
Mix    680 Euros  
Rustikal                                      720 Euros

Total quantity approx.	10 m <sup>3</sup>	
incl. quality class A	2 m <sup>3</sup>	please state an approximate quantity in m <sup>3</sup>
incl. quality class B	5 m <sup>3</sup>	
incl. quality class C	3 m <sup>3</sup>	

incl. quality class Rustikal	0 m <sup>3</sup>
